

evolution 1 Panel - Spare Parts

The following provides information about Spare Parts available for the evolution 1 Fire Alarm Panel.

1. F12N83010 - EV1-PCB+LC.

evolution 1 Main PCB, including Loop Card - This is supplied fully Programmed, ready to drop in and power up. This can be easily installed by removal of the Plug connectors and three retaining screws.

2. F12N83015 - EV1-CH-PCB.

evolution 1 Charger PCB - This can be easily installed by removal of the Main PCB and the various terminal connections and four retaining screws.

3. F12N83020 - EV1-PSU.

evolution 1 Power Supply PSU - This can be easily installed by removal of the various terminal connections and 2 retaining screws.

4. F12N83025 - EV1-FR-CVR.

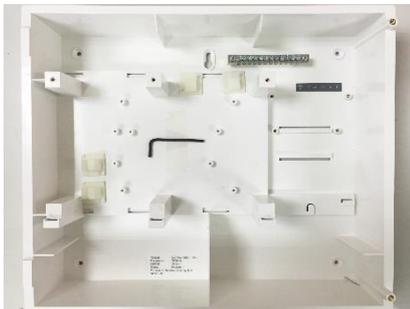

evolution 1 Front Cover - This can be easily replaced by removal of the two retaining screws.

5. F12N83030 - EV1-PCB-CVR.

evolution 1 PCB Cover - This can be easily installed by removal of the three PCB retaining screws and unclipping the Cover itself.

6. F12N83035 - EV1-BK-BOX.

evolution 1 Back Box - This is only likely to be required if the original Back Box is damaged during installation. It will require all of the Panel components, removed from the original, to be mounted within the new enclosure.
