

Environmental Declaration

Product Type: STB-4SE-24VR Base
STB-4SE-24VRL Base

Product weight: 78 grams
80 grams

Major component materials in the product:

Plastic material – PC/ABS.

Populated Printed Circuit Board - FR4, PCB & Component RoHS Compliant.

Terminals – Nickel plated Brass.

Fasteners (Screws & Washers etc.) – Bright Zinc plated Steel or Nickel plated Brass.

Environmental impact during manufacturing:

There are no harmful chemicals used elsewhere in manufacturing.

There is no documented information on energy consumption for the manufacturing process.

Environmental impact during operation:

There are no known environmental effects of the product in use.

Recommended handling of the product at end-of-life:

The product shall be disposed of in accordance with European WEEE 2012/19/EU directive, for Waste Electrical & Electronic Equipment. The product is marked with the “Wheelie Bin” logo to indicate this requirement.

Most recycling facilities have a collection point for “WEEE” waste.

Industrial waste management companies will handle large quantities.

Nittan Europe Ltd's WEEE Registration number is WEE/BJ1417VX.

Other issues:

Product is fully Compliant with RoHS Directives 2011/65/EU.

Product and manufacturing processes are Silicone Free.
